

# Welcome to the White Acres Fisheries Guide

# Residents Match Information Guide

## Welcome to the new look fishery guide...

All of the lake and stocking information has been updated as of March 2009. The information in this booklet should help you get the most from your fishing trip with us whether you are a pleasure, match or specimen angler. Our Fishery Rules are included in the back of the booklet, make sure you read these thoroughly and familiarise yourself with these as we have made quite a few significant changes.

Our Tackle Shop is open daily from 8am until 1pm and 1.30pm till 5pm; and is fully stocked with all the bait and equipment you should ever need whilst on holiday with us. All leading tackle and bait brands are stocked and we hold a full range of poles, rods, reels, luggage and general tackle. As well as stocking top named baits we also have our own very popular range of pellets and groundbait. There is everything here that will send you on your way for a great days fishing.

Our lakes are designed to cater for all ages and ability of anglers; we have a number of wheelchair friendly pegs available and there are parking areas close to the lakes. The fishery team is always on hand to offer friendly help and advice and we offer weekly tuition for ladies and juniors on a Monday (Juniors must be accompanied by an adult).

Tight Lines

*The Fisheries Team!*
