EASTER BONANZA

Dear Clint,

We have just returned from our first holiday at White Acres and what a lovely Easter break it was, there was myself, my husband Mike, daughters Gemma 13 and Charlotte 10, we stayed in a two bedroom lodge overlooking Jenny's Lake. We are all very keen fishers so waking up at 5.30 am every morning to the view of the lake was a dream come true. At first light we would set up the rods ready for a good day's fishing and were not disappointed even though it was extremely windy. We sat on Jenny's and couldn't believe the amount of fish we were catching including Carp, Tench, Roach and Rudd. My biggest catch was a 3 lb Mirror Carp which I was happy with, so I will be buying some more dairy boilies from the Tackle Lodge, but we did find that the best baits of the holiday were maggots and sweetcorn. We did manage to tear ourselves away from Jenny's Lake and tried Python and again we did really well. Mike caught a big Tench, we also got some Perch and small Crucians. We were so overwhelmed with the whole holiday we have booked to come back down in October and cannot wait. My best record is a 20lb Common Carp which I caught whilst on holiday at Warmwell in Dorset on Peg 5, so with a bit of luck I will beat that in October when I try either Pat's Pool or Nelson's.

Clint...

"Good luck in beating your record on your next visit!"

POETRY IN MOTION

Im on my tenth trip
To the best holiday park
We set our alarm
To get up with the lark.
We catch our first fish
Just as it gets light
Before we are drawn
To the smell from First Bite!
We know we'll catch
And that's a safe bet
As another big carp
Slips over the net.
You will always get bites
Be it pellet, corn or castor
And my Dad thinks

He is good enough to be a
Parkdean Master!!
But this Easter
When my rod had a bend
I had to spare a thought
For the loss of a Mighty Friend.
I stared at his picture
And had a little cry
Then stared towards heaven
At that Maggot farm in the sky.
But times move on
And I say that with a sigh
But Im sure i'll be over it
When I'm back in July.

NATIONAL FEDERATION OF ANGLERS

Dear Allister,
Just a note to thank you for what you and your staff did for us at our Build Center / NFA Knockout Competition fished at White Acres last week. You have a reputation for quality and the level of service you provided for us was 'out of this world'.

I know my own colleagues have returned from White Acres with a lasting impression of a stunning Holiday Park run in a highly professional way. Our sponsors, Build Center, were most impressed but most importantly our competitors were thrilled to bits by the whole experience and will be talking about White Acres and the Knockout Final for many years.

From my own point of view, I want to thank you and Clint, for the enthusiastic manner you have dealt with all my queries. I don't think I have ever experienced such a high degree of dedication from anyone as the two of you illustrated during the months of organising the event and the four days spent at White Acres. It makes sense for us to give you more business and we are planning to do just that. The beauty of White Acres is, we can put matches / competitions your way and have no need to worry about the infrastructure simply because White Acres is the most outstanding complex in the country.

It was a joy to meet you and Clint again and I will remember forever my first White Acres 'experience'.

GREAT EXPECTATIONS

Dear White Acres,
My thanks to the staff on your entertainments team, Christina, Toni, Mary, Beth and Melanie who made my son, Jake's week at White Acres a memorable one. They were fantastic with all the children and made every effort to introduce the children to something different every day and night.

Once again, thank you very much to the above staff and wish them all the best for the remainder of the season.
